FOREWORD

"They said it could not be done. They said nobody should do it." Do What? Dare mention the community in a school yearbook. After all, they said, a yearbook should be the record of a year in the life of the students contained within its pages. True, but a school could not exist without its community.

Since that statement is a truism, then we, the class of 1960 at the North Collins Central School, cognizant of our responsibility to those who have made the school and its learning available to us, shall include North Collins and its environs in our chronicle.

The Reverie this year wants to pay tribute to the dairy farmers. This particular industry has contributed much to our health. "Milk for Health" has become a guidepost along our path to hardiness. We wish you continued success in your endeavors.

"A teacher affects eternity:
he can never tell where his
influence stops."

Miss Leiker and Mr. Tower

To you, our retired teachers,
may we say in small tribute
that your influence truly
bears out this statement.

MISS EVA LEIKER

Miss Leiker retired in June, 1959, after 45 years of teaching. Her first school was a small country school in the Town of North Collins. Later she taught for several years in Eden and then for many years in Brant Number 3, leaving there in 1951 to teach in North Collins Central School, where she taught the second grade.

MISS LOTTIE TABER

Miss Taber retired in 1935, after 35 years of teaching. She taught for two years in a rural North Collins school before completing Normal School; after graduation she taught for three years in the North Collins village school. She was then in Cherry Creek for three years, at Floral Park, Long Island, for two years, after which she taught in Jamestown for 25 years until she retired.

MR. FRANK ZURBRICK

Mr. Zurbrick retired in 1951 after teaching for 48 years. Much of this time was spent as principals of several schools, Lake View, Woodhall High School and Academy, North Collins and Hamburg. He came to North Collins in 1911, leaving in 1917-18 to teach physical training in the Eden, North Collins and Collins district, riding from school to school on horseback. He returned to North Collins and completed fourteen years in this school as principal, going then to Hamburg where he was principal of the Senior High School for two years. He finished his teaching career at Lackawanna High School in 1951.

MRS. ISABEL WARNER

Mrs. Warner retired in 1953, after 34 years of teaching. She held a Bachelor of Science degree from William Smith College in Geneva and taught her entire career in North Collins. It was here she met and married her husband, Malen Warner, and made her permanent home on Center Street.

MRS. ADA (VANCE) WASHBURN

Mrs. Washburn taught for 33 years, retiring in 1935. From 1894-96 she taught 7th, 8th grades and algebra at North Collins, leaving here to become Principal of the Collins School. After her marriage to I. Verne Washburn she was away from her profession for awhile but later taught again in several rural schools in the North Collins, Springville and Collins area.

MISS EMMA BARTHOLEMEW

Miss Bartholemew retired in 1934 after 35 years of teaching. Her first school was in Zoar after which she taught in several rural schools in the towns of North Collins, Evans and Collins. In one two-teacher school in Evans she was the principal. Of late years she has developed an interesting hobby of rock collecting and has specimens from almost every country in the world.

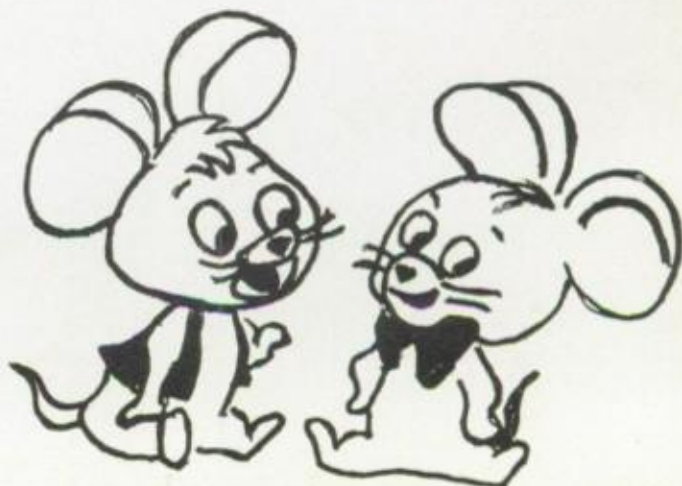

MRS. MAE REHM

Mrs. Rehm retired in 1950 after 42 years of teaching. She began her work in 1903 in a rural school in Shirley. Her career was interrupted by marriage and until her son was three years old. She then returned to teaching and taught in several rural schools of this area, coming to the North Collins school, in the old building, in 1915, and to the new school when it opened in 1937, teaching in Pilgrim Hall and in a room over the George Brown store while this was under construction. She retired in 1945, returned to the school the next year and again retired permanently in 1950, with the realization that all these years had been pleasant and that her pupils had always been most agreeable.

There is no special reason for this divider. Does one need a reason for everything one does? He happens to be OUR HERO.

Dear Readers:

To continue our goal of a closer relationship between the school and the community, this yearbook, as that of the previous year, represents the village of North Collins and its environs, as well as the school.

There is no formal dedication, as such, but in the Foreword, the Dairy Farmer, who is so important to our well-being, has been mentioned.

It is the sincere hope of the staff that this yearbook and future ones will help to build up pride in both our community and school. We have tried to produce a book unique in design as well as in purpose. Our purpose we have mentioned above. As to design, we feel that a story told in pictures is much more appealing than the printed word.

Now, the yearbook staff proudly presents to you, this unique yearbook, "The 1960 Reverie."

Sincerely yours,

Judy Tower

CLASS DAY 1959

OUR COMMUNITY'S ORGANIZATIONS

North Collins has long been a town of clubs and societies, although today many which were once active have disbanded. Some of these organizations are local, others are international in scope. Among those which are local are Pilgrim Circle, the North Collins Historical Society and, of course, various church societies. Those which are international are the Masonic and Order of the Eastern Star organizations, Rotary and the Boy and Girl Scouts.

Pilgrim Circle was formally organized in July, 1914. Mrs. May Sucher was the first president. While this is a social club its duties are primarily to assist in many acts of kindness for the sick, the poor and the shut-ins of its district.

North Collins Historical Society was organized in 1941, receiving a Temporary Charter in 1945. It was granted its Permanent Charter in 1950 by the Board of Regents. It has participated in many historical events of the town and in 1957 erected a plaque to the memory of the town's first pioneer families. It grants an annual award to a properly qualified student in American history of North Collins Central School.

Fortune Lodge 788, F & AM, was instituted January 14, 1883; the first Worshipful Master was Albert T. Huson. Early meetings were held in various buildings on Main Street, but from 1900 to 1921 they were in a hall over what is now Avery's general store. The Masonic Temple was dedicated June 23, 1922.

Arcana Chapter 146, OES, was established June 16, 1898. Its first Worthy Matron was Mrs. Abbie J. White.

The Eden-North Collins Rotary International held its first meeting in May 1940. Its first president was William F. Phelan. Rotary has contributed to many civic and philanthropic projects of the area.

The churches of North Collins also have active societies which contribute to the welfare of the community and to the moral guidance of their members. Holy Spirit Church has two societies—the Altar Society and Holy Name. First Congregational Church has a Ladies' Guild and a busy missionary society.

Boy and Girl Scout Clubs have been more or less active in the town for several years, doing much for the morale and constructive enjoyment of their members.

Ethelyn Weller

Lawtons Grange celebrated the 50th anniversary of its organization on March 3, 1959. Its first master was Willis Lawton. The Grange is proud that it was the influencing factor that started the Grange, League and Farm Bureau—more familiarly known as the "GLF", in 1920.

The Grange Hall was built in 1947. Throughout its history this organization has been active in service projects for foreign students, work with child patients at the Perrysburg hospital, with the Salvation Army and in local civic projects.

ALUMNUS - GOOD WILL AMBASSADOR

The Army has granted Donald Taylor, son of Mr. and Mrs. Clayton Taylor of Lawtons, New York, special leave from officers' training school at Fort Lee, Virginia, to tour Northwestern India from Delhi to Bombay, as a good will ambassador.

The object of the tour, is to create a better understanding between Indian and American students. It is Donald's aim to bring this about on his trip. He will meet with students to exchange ideas, experiences and opinions. He will address youth organizations on the activities of our American youth, particularly those of the 4-H Clubs.

Along with another young man from the University of Minnesota, Donald will try to accomplish his mission.

Here at North Collins Central School, we feel justly proud, since Ambassador Taylor is an alumnus. As a graduate of the class of 1955, Donald was Salutatorian with an average of 94.70 and the reputation of being a "well-rounded" young man.

MUSIC LOVER TO BASK IN THE SUN

Mr. Herbert E. Lewen, whose chief interest in life has been music, is leaving at the end of the school year to live in Florida.

Mr. Lewen's life has been one of varied experiences. After working to pay for his music lessons at the conservatory, he worked full time in the Star Theatre with Jessie Bonstell and many of the famous actors and singers of the Erlanger Circuit and Keith Vaudeville, who visited Buffalo.

In World War I, Mr. Lewen was with the 309th Band in France when an exploding gun injured his hand, so that for a time, it seemed doubtful whether he could continue with music. After much perseverance, his stiff fingers were able to play the piano again.

During World War II, while band leader of the 106th Field Artillery, he received an injury to his shoulder. The army retired him to Civilian life; then he turned to teaching.

Mr. Lewen has been teaching instrumental music, chiefly the piano and organ, for eighteen years in the Fourth Supervisory District.
